DEMOCRATS SELECT CLARK

Scattering Returns Point to Rough Rider as Having Carried Every Congressional District Over Taft and La Follette by a Safe Margin. Speaker Clark Has Good Lead Over Woodrow Wilson.

San Francisco, May 15.—Theodore Roosevelt and Champ Clark were victorious apparently by a large margin of votes over their respective Republican and Democratic rivals in California's preferential presidential primary.

Returns received from 583 precincts out of 3,700 in the state give the following results from the preferential election: Roosevelt, 26,772; Taft, 16,303; La Follette, 9,954; Clark, 5,974; Wilson, 2,504.

Returns from 220 precincts in San Francisco county (included in the foregoing) give: Roosevelt, 10,387; Taft, 8,416; La Follette, 4,937; Clark, 3,805; Wilson, 1,642.

The results were in the main from the five congressional districts embracing the three most populous districts of the state—San Francisco and Los Angeles counties and the suburban area bordering San Francisco bay. They are regarded as indicative of the general result.

Outside of San Francisco, Roosevelt apparently has carried every congressional district, his vote being especially heavy in the interior counties.

Women voters played a large part in the primary. Reports from all parts of the state indicate that they went to the polls in greater numbers than the men, in proportion to registration.

SOME DARK HORSE GOSSIP

Republican Leaders at Washington
Discuss Situation.

Washington, May 15.—Talk of a dark horse for the Republican nomination for president was renewed among the Republican leaders at the Capitol. The assertion was made by one of the Republican regulars in the senate that if President Taft failed to carry Ohio over Colonel Roosevelt certain party leaders would seek to impress upon the president the advisability of his retiring from the contest to permit the substitution of another name on which the factions may unite with some hope of victory.

"If President Taft fails to carry his own state," said this senator, "it ought to be plain to him that he cannot hope to be nominated. At the same time he can pave the way for the defeat of Colonel Roosevelt. There are enough delegates already chosen and yet to be chosen to the Chicago convention that are uncommitted whose votes can be delivered to a compromise candidate, which, taken with President Taft's following in the convention, would give a majority against Colonel Roosevelt."

RICHESON IN DEATH CELL

Condemned Minister Removed From
County Jail to State Prison.

Boston, May 15.—Clarence V. T. Richeson, the former minister under sentence to be electrocuted next week for the murder of Miss Avis Linnell, was removed from the Suffolk county jail to the state prison.

When Richeson left the jail he was handcuffed to the jail clerk who, with a court officer and deputy sheriff, rode inside the van with the condemned man. On the seat beside the driver was Sheriff Quinn.

When Richeson appeared in the courtroom of the jail he kept his head bowed and his features could not be seen by those outside the gate.

There was no demonstration.

CHARGES AGAINST HEINZE

Carter Says He Dissipated Assets of
a Mining Company.

Wallace, Ida., May 15.—Charging that F. Augustus Heinze had transferred to H. U. Hart of Salt Lake City 225,000 shares of the treasury stocks of the Stewart Mining company with out consideration and that he had dissipated the assets of the company in other ways and converted its earnings to his own use, Edward J. Carter, a director of Spokane, has filed suit here asking for the appointment of a receiver.

Secretary Treasurer M. W. Bacon of Butte and Stanley Gifford and L. Dunham, directors of New York, also are named as defendants.

ROOSEVELT BEGINS
HIS OHIO CAMPAIGNFormer President Delivers an
Address at Canton.

Canton, O., May 15.—Colonel Roosevelt in a speech here said it was his desire to open his campaign in Ohio in the home town of the late President McKinley, whom he referred to as "my old chief." He said President McKinley was "a man who all his life long kept in peculiarly close touch with the plain people."

"President McKinley," he continued, "would have been quite incapable of expressing, because he would have been quite incapable of feeling, the deep distrust of the people which inspires those who sneer at them as a 'rabble' or a 'mob,' those who lay stress upon their 'fear of tyranny of the majority,' and upon their disbelief in the right of a majority actually and not nominally to shape the public destinies and to control the public officials who are or should be the servants of the people and not the masters of the people."

Colonel Roosevelt renewed his attack upon President Taft and the men prominent in directing the president's campaign for re-nomination. He referred to Senator Lorimer of Illinois as "Mr. Taft's lieutenant." He strongly criticized Representative William B. McKinley, manager of the president's campaign, for referring the colonel said, in a public statement to the men who opposed President Taft in the Maryland campaign as "the rabble of the cities."

PLAN TIME OF ADJOURNMENT

House Would Clear the Calendar by
June 15.

Washington, May 15.—Plans for expediting legislation to allow congress to adjourn prior to the national political conventions were considered at conferences of leaders of both house and senate.

The house leaders outlined a program that they believe would conclude the business of the house by June 15. The senate leaders reached no definite conclusions, but the finance committee will meet next Thursday to consider plans for clearing up the calendar.

On the house side it was agreed that the Panama canal administration bill should be disposed of immediately following the passage of the anti-injunction bill. Then will come the naval, military academy, sundry civil and general deficiency appropriation bills.

Meantime on the senate side Senator Penrose conferred with Senator Simmons, in charge of the tariff bills for the Democrats in an effort to fix a time for votes on those measures.

PLEADS FOR A SQUARE DEAL

Speaking at Youngstown the Chief Executive Ridicules Former President's Ideas Regarding a High Wage Tariff—Taft's Voice Becomes Hoarse and He Grows Red in the Face as He Pounds One Fist on Another.

Youngstown, O., May 15.—President Taft in a speech here made his first attack of the campaign on tariff revision plans of Colonel Theodore Roosevelt.

"I understand," said the president, "that Mr. Roosevelt here said he favored a tariff of high wages so that the profits of it will go through to the weekly envelope and won't stop at the box office."

"We're all in favor of high wages and prosperity, but how could he arrange a tariff with an adjustment of the receipts between the wage earner and those engaged in an industry? He does not know and I do not know and neither does anybody else know how."

Mr. Taft spoke in a local theater to a big crowd. His hoarseness was marked and at times, as he pounded one fist on another, he grew red in the face.

Interruptions were frequent and finally Mr. Taft called for order. "I don't know why I am opposed by Theodore Roosevelt, who backed me four years ago," said the president. "He made a mistake," shouted a lone voice.

"Shame, shame," came the echo, and there were no more such remarks. "Theodore Roosevelt does not understand what the nature of our government is because he does not know what liberty regulated by law is," was one sentence that made the crowd applaud.

Asks for Simple Justice.

"I am here to ask you to do justice and give a square deal to an administration of the government of the United States by an Ohio man. I do not ask any favors because I am an Ohio man, but I ask justice. And I do not know any place where I can make that appeal with more force and more right than in the home of that great Ohio president who was my friend and my benefactor, William McKinley."

That was the appeal that formed the mainstay of President Taft on the second lap of his campaign tour of Ohio. He based his appeal for support in next Tuesday's primaries largely upon the achievements of his administration and the danger he said lay in the re-nomination and re-election of Colonel Roosevelt.

The president began the day in East Liverpool and made his last speech here. At times he came close to Colonel Roosevelt, but they never met. Although Mr. Taft's arguments were not greatly different from previous days there were many incidents that brought a smile to his face and the faces of others who heard him.

The president himself created amusement for his hearers at Akron when he took up his discussion of the bosses and made his usual reference to Mr. Roosevelt's relations with them. "I didn't see Mr. Roosevelt get out his elephant gun and get after any bosses," said the president.

"I may be puzzle witted," he said at Canton. "That is a question that you cannot discuss any more than you can discuss whether you are good looking or not. But whether I am puzzle witted or not I know the difference between truth and fiction. I know what a square deal is and I know that he does not resemble Abraham Lincoln in any respect. And I also know the difference between a deficit and a surplus."

SIX ARE TAKEN OUT ALIVE

Thirteen Men Trapped by Cavein in
Michigan Mine.

Duluth, May 15.—Six men were taken alive from the Oliver Iron Mining company's mine at Ironwood, Mich. Two bodies of dead miners have been recovered.

It is not known just what caused the accident. Something gave way on the 2,000-foot level. Many men were at work there. New timbers recently had been installed and the workings were considered in perfect condition.

But suddenly an avalanche was loosened into the pit. Men scattered in both directions. The majority escaped up the right path, but thirteen blundered into one of the many cross sections of the mine, considering themselves safe there.

Then, with a roar that could be heard at the surface, the roof dropped down for yards and the thirteen were trapped.

POLICE AND TROOPS
KILL TWO BANDITSFrench Officers Blow Up Villa
With Dynamite.

Paris, May 15.—The career of the last of France's notorious bandit gang was dramatically ended when after eight hours' battle with police and troops its leader, Octave Garnier, and his confederate, Vallet, were blown up by explosives in a small villa at Nogent-sur-Marne, where they had taken refuge.

Shattered by shots of dynamite their house fell in ruins when mellinite was exploded under its walls. The police found Garnier dead and Vallet dying. Vallet died on the way to a hospital. Five policemen were wounded in the battle.

When the bodies of the desperadoes were dragged into the open the thousands of spectators pressed forward and tried to tear them from the troops. Automobiles were brought up, nearly all of them were thrown in, but for a few minutes it was found impossible to start the machines. In those few minutes the police and troops had difficulty in beating back the enraged crowds. Finally the cars were started on their way to Paris.

Several thousand police, gendarmes and zouaves tried for hours to shoot the bandits or blow up the building with explosives. Three policemen had fallen from the desperadoes' bullets, but though the villa was badly damaged by dynamite the bandits held their own for hours and showed no signs of surrendering.

THE BRAINERD DAILY DISPATCH

Volume 11 Number 293

BRAINERD, MINNESOTA, WEDNESDAY, MAY 15, 1912

Price Two Cents

CARRIES CALIFORNIA BY OVER 60,000

Special to Dispatch:

San Francisco, May 15.—Practically complete returns on Tuesday's preferential primary indicate Roosevelt's plurality will exceed 60,000. The colonel will secure the entire delegation of 26.

COLONEL LEADS IN CALIFORNIA

Indications Are Roosevelt Is the Primary Choice.

DEMOCRATS SELECT CLARK

Scattering Returns Point to Rough Rider as Having Carried Every Congressional District Over Taft and La Follette by a Safe Margin. Speaker Clark Has Good Lead Over Woodrow Wilson.

San Francisco, May 15.—Theodore Roosevelt and Champ Clark were victorious apparently by a large margin of votes over their respective Republican and Democratic rivals in California's preferential presidential primary.

Returns received from 583 precincts out of 3,700 in the state give the following results from the presidential preference election:

Roosevelt, 26,772; Taft, 16,303; La Follette, 9,954; Clark, 5,974; Wilson, 2,504.

Returns from 220 precincts in San Francisco county (included in the foregoing) give:

Roosevelt, 10,387; Taft, 8,416; La Follette, 4,937; Clark, 3,805; Wilson, 1,642.

The results were in the main from the five congressional districts embracing the three most populous districts of the state—San Francisco and Los Angeles counties and the suburban area bordering San Francisco bay. They are regarded as indicative of the general result.

Outside of San Francisco, Roosevelt apparently has carried every congressional district, his vote being especially heavy in the interior counties.

Women voters played a large part in the primary. Reports from all parts of the state indicate that they went to the polls in greater numbers than the men, in proportion to registration.

All of the twenty-six delegates elected were chosen at large and according to the state law they are bound by the popular expression of preference.

SOME DARK HORSE GOSSIP

Republican Leaders at Washington Discuss Situation.

Washington, May 15.—Talk of a dark horse for the Republican nomination for president was renewed among the Republican leaders at the Capitol. The assertion was made by one of the Republican regulars in the senate that if President Taft failed to carry Ohio over Colonel Roosevelt certain party leaders would seek to impress upon the president the advisability of his retiring from the contest to permit the substitution of another name on which the factions may unite with some hope of victory.

"If President Taft fails to carry his own state," said this senator, "it ought to be plain to him that he cannot hope to be nominated. At the same time he can pave the way for the defeat of Colonel Roosevelt. There are enough delegates already chosen and yet to be chosen to the Chicago convention that are uninstructed whose votes can be delivered to a compromise candidate, which, taken with President Taft's following in the convention, would give a majority against Colonel Roosevelt."

RICHESON IN DEATH CELL

Condemned Minister Removed From County Jail to State Prison.

Boston, May 15.—Clarence V. T. Richeson, the former minister under sentence to be electrocuted next week for the murder of Miss Avis Linnell, was removed from the Suffolk county jail to the state prison.

When Richeson left the jail he was handcuffed to the jail clerk who, with a court officer and deputy sheriff, rode inside the van with the condemned man. On the seat beside the driver was Sheriff Quinn.

When Richeson appeared in the courtyard of the jail he kept his head bowed and his features could not be seen by those outside the gate.

There was no demonstration.

MEXICAN REGULARS BEATEN

Defenders of Toloapan Practically Wiped Out by Rebels.

Igualea, District of Hidalgo, Guerrero, Mex., via Laredo, Tex., May 15.—Practical extermination was the fate of 150 federal defenders of Toloapan, thirty miles from here, in two days' fighting April 26 and 27.

The situation here is critical. This district has been cut off all communication since April 12.

RAPS COLONEL'S TARIFF PROGRAM

President Continues Criticism of His Opponent.

PLEADS FOR A SQUARE DEAL

Speaking at Youngstown the Chief Executive Ridicules Former President's Ideas Regarding a High Wage Tariff—Taft's Voice Becomes Hoarse and He Grows Red in the Face as He Pounds One Fist on Another.

Youngstown, O., May 15.—President Taft in a speech here made his first attack of the campaign on tariff revision plans of Colonel Theodore Roosevelt.

"I understand," said the president, "that Mr. Roosevelt here said he favored a tariff of high wages so that the profits of it will go through to the weekly envelope and won't stop at the box office."

"We're all in favor of high wages and prosperity, but how could he arrange a tariff with an adjustment of the receipts between the wage earner and those engaged in an industry? He does not know and I do not know and neither does anybody else know how."

Mr. Taft spoke in a local theater to a big crowd. His hoarseness was marked and at times, as he pounded one fist on another, he grew red in the face.

Interruptions were frequent and finally Mr. Taft called for order.

"I don't know why I am opposed by Theodore Roosevelt, who backed me four years ago," said the president.

"He made a mistake," shouted a lone voice.

"Shame, shame," came the echo, and there were no more such remarks.

"Theodore Roosevelt does not understand what the nature of our government is because he does not know what liberty regulated by law is," was one sentence that made the crowd applaud.

Asks for Simple Justice.

"I am here to ask you to do justice and give a square deal to an administration of the government of the United States by an Ohio man. I do not ask any favors because I am an Ohio man, but I ask justice. And I do not know any place where I can make that appeal with more force and more right than in the home of that great Ohio president who was my friend and my benefactor, William McKinley."

That was the appeal that formed the mainstay of President Taft on the second lap of his campaign tour of Ohio. He based his appeal for support in next Tuesday's primaries largely upon the achievements of his administration and the danger he said lay in the renomination and re-election of Colonel Roosevelt.

The president began the day in East Liverpool and made his last speech here. At times he came close to Colonel Roosevelt, but they never met.

Although Mr. Taft's arguments were not greatly different from previous days there were many incidents that brought a smile to his face and the faces of others who heard him.

The president himself created amusement for his hearers at Akron when he took up his discussion of the bosses and made his usual reference to Mr. Roosevelt's relations with them.

"I didn't see Mr. Roosevelt get out his elephant gun and get after any bosses," said the president.

"I may be puzzle witted," he said at Canton. "That is a question that you cannot discuss any more than you can discuss whether you are good looking or not. But whether I am puzzle witted or not I know the difference between truth and fiction. I know that a square deal is and I know that he does not resemble Abraham Lincoln in any respect. And I also know the difference between a deficit and a surplus."

SIX ARE TAKEN OUT ALIVE

Thirteen Men Trapped by Cavein in Michigan Mine.

Duluth, May 15.—Six men were taken alive from the Oliver Iron Mining company's mine at Ironwood, Mich. Two bodies of dead miners have been recovered.

It is not known just what caused the accident. Something gave way on the 2,000-foot level. Many men were at work there. New timbers recently had been installed and the workings were considered in perfect condition. But suddenly an avalanche was loosened into the pit. Men scattered in both directions. The majority escaped up the right path, but thirteen blundered into one of the many cross sections of the mine, considering themselves safe there.

Then, with a roar that could be heard at the surface, the roof dropped down for yards and the thirteen were trapped.

POLICE AND TROOPS KILL TWO BANDITS

French Officers Blow Up Villa With Dynamite.

Paris, May 15.—The career of the last of France's notorious bandit gang was dramatically ended when after eight hours' battle with police and troops its leader, Octave Garnier, and his confederate, Vallet, were blown up by explosives in a small villa at Nogent-sur-Marne, where they had taken refuge.

Shattered by shots of dynamite their house fell in ruins when mellinite was exploded under its walls. The police found Garnier dead and Vallet dying. Vallet died on the way to a hospital. Five policemen were wounded in the battle.

When the bodies of the desperadoes were dragged into the open the thousands of spectators pressed forward and tried to tear them from the troops. Automobiles were brought up and the bodies were thrown in, but for a few minutes it was found impossible to start the machines. In those few minutes the police and troops had difficulty in beating back the enraged crowds. Finally the cars were started on their way to Paris.

Several thousand police, gendarmes and zouaves tried for hours to shoot the bandits or blow up the building with explosives. Three policemen had fallen from the desperadoes' bullets, but though the villa was badly damaged by dynamite the bandits held their own for hours and showed no signs of surrendering.

SIXTY THOUSAND IN PERIL

Levee Break Near New Orleans Will Affect 10,000 Square Miles.

New Orleans, May 15.—Approximately 60,000 persons and 10,000 square miles of territory will be affected by a break in the Mississippi levee on the west bank, twenty-five miles north of here. The crevasse was 200 feet wide. This, the Hymelia levee, was the scene of the worst break of the flood of 1903.

THE POSTAL LAWS NEED CHANGING

Every Postmaster General Has So Recommended.

NO ACTION TAKEN, HOWEVER.

And No Prospect of Any Carefully Considered Legislation in the Near Future—New Senators From Arizona and New Mexico Are Hard at Work. Cannon's Wealth.

By ARTHUR W. DUNN.

Washington, May 15.—[Special.]—For years it has been demonstrated that the postal laws of the United States need changing and amendment. Every postmaster general has so declared and recommended. Several commissions have investigated and presented elaborate plans for reorganizing the postoffice upon a better business basis. It has been loudly acclaimed that the great business of the department, costing nearly \$275,000,000 a year, is transacted under piecemeal laws enacted from time to time since the beginning of the government.

And yet congress has not taken any definite step toward codifying and amending, as well as repealing and enlarging, these laws, many of which are antiquated and practically annulled by regulations promulgated by the department. From time to time the postoffice appropriation bill will carry a new item of legislation for the department, but that method of improving conditions is not very good; and, what is still worse, there does not seem to be much prospect of any carefully considered legislation in the near future.

New Men Are Busy.

Those new senators from the new states of New Mexico and Arizona have lost no time in getting down to work. They introduced many bills soon after being sworn in, nearly all relating to something concerning their states. These bills are beginning to reappear as reported from the committees, which shows that the senators have looked after them and insisted upon action.

Uncle Joe's Wealth.

When Uncle Joe Cannon was chairman of the committee on appropriations he was quite a treasury "watchdog." Now he is more liberal. Discussing an amendment to decrease the mileage paid to congressmen, he expressed his disgust at the attempt and then went on to say something about himself.

"I have been here a long time," he said. "I could have stopped any time I chose to, and there have been many people who have desired me to halt. I am said to be a multimillionaire all the way from two millions to a thousand millions, all of which people now and then say I have made by being a member of congress."

The house laughed, and Uncle Joe remarked, "I laugh and go on." He then told how his living had cost him as much as his salary while in congress, but that he had an income to meet all his wants. "How did you get it?" was the question shouted at him, said Cannon. And then he told about the black Illinois land he owned, which he had added to, and how it yielded more and more each year, giving all he needed of this world's goods.

Unloading Rubbish.

For years and years crayon portraits of many of the former speakers of the house hung in the lobby. Finally in a fit of generosity oil paintings were made of the men, and a resolution was brought before the house to give the portraits to the states from whence the men came. Of course some one demurred as to the right of the house to dispose of its property in that way, but Jim Mann settled it by declaring: "They are not an asset, but a liability. We have the same right to do it as we have to clean out any other rubbish." And several states will thus become a dumping ground.

Letting the Eagle Scream.

Congressman Sloan of Nebraska was making a speech on meats, covering the whole wide range of production, slaughter and shipment in this as well as other countries. When he spoke of the principal rival of this country Congressman Madden of Illinois asked:

"Argentina beef is not as high in price or high in standard, is it?" "There is nothing raised anywhere," replied Sloan, letting the eagle scream. "That equals the American product, whether it is beef, cereals or men, and I am in favor of taking care of all of them."

"Take Out" Means to Stop.

"It's time to take out," insisted a man from the south one day in the house when it came time to adjourn. Senator Sutherland was insisting there should be no adjournment until late one evening, and Jeff Davis of Arkansas said, "The Utah senator is the first man who wants to take out, but now he seems to be pressing for some reason I cannot understand."

So "take out" when used by a southern man means that he wants to stop.

Giffly Has a Record.

H. H. Giffly, chief clerk of the senate, has been connected with the clerical force of the senate for more than thirty years. "I never have lost a paper since I have been here," he recently remarked, which is a pretty good record.

WASHINGTON FOREST FIRES

Families Driven From Homes in King and Snohomish Counties.

Seattle, May 15.—Forest fires, fostered by the hot, dry weather of the last few days, are sweeping over wide areas in King and Snohomish counties, driving families from their homes in the clearings.

The worst fire is near Meadowdale, eighteen miles from Seattle. The works of the Standard Logging company, near Hazel, burned and a long trestle was destroyed near Oso.

The camps of the logging companies near Bryant were wiped out.

MEASURE LIMITS USE OF INJUNCTIONS

House Passes Bill Favored by Organized Labor.

Washington, May 15.—Declaring that the measure sought to bar punishment for acts that under some circumstances "may be vicious and dangerous to human society," Representative Nye of Minnesota voted against the Clayton bill limiting the powers of federal courts in issuing injunctions. Mr. Nye was the only member of the Minnesota delegation who cast a vote against the Clayton bill. The bill was passed by a vote of 244 to 31 and was supported by all the progressive Republicans. Every Democrat present voted for it and the result was announced to the accompaniment of a remarkable demonstration. The legislation is regarded as one of the most advanced steps yet taken in the interests of organized labor.

The opposition to the measure endeavored to put through a substitute drawn by Representative Sterling of Illinois. This modified the sweeping terms of the Clayton bill, but it was defeated, 219 to 48. It was generally said that the Clayton measure would meet with little opposition in the senate.

The bill amends the law to prohibit the issue of injunctions without notice being served on those affected. Such injunctions would be effective for seven days only and renewal would be possible only when the court was convinced such action was necessary for the conservation of rights of property. "John Doe" injunctions would be impossible and the rights of "peaceful picketing in strikes or peaceful boycotts" would be recognized.

"Pity the defendant as we may, we have no choice of course on this record. It is as true now as it was in the days of Hebrew prophets, that he who sows the wind must needs be content if he be compelled to reap the inevitable whirlwind."

In closing the decision upon the Deitz case the supreme court says: "As a result of the defendant's defiance of law Oscar Harp, who was innocent of wrong, went to his death. After a patient and fair trial the defendant has been found guilty of that death upon ample evidence."

It appears to be Bryan against the field in the democratic scramble for a candidate for the presidency—and the field is getting scared.

A new candidate for gubernatorial honors is liable to be announced at any moment in the person of Ed. T. Young, former attorney general of the state. The republican party of Minnesota is prolific with candidates this year.

The friends of Wm. E. Lee in various parts of the state are making the most of the fact that Kandiyohi county has elected delegates favorable to him, and as it is the first county in the state to express its opinion the Lee people are preparing to use it as a precedent.

An exchange says that the postal authorities have issued orders to postmasters to withdraw all communications regarding the "endless chain prayer nuisance" from the mails when possible and warn the writers that the letters are against the postal laws. If Uncle Sam can break the chain of nine letters for every one mailed he will do it.

The appointment of an oil inspector or cost Gov. Eberhart the delegation from Kandiyohi county, according to a statement issued. Provided the wrong man has been appointed in each of the other counties of the state and the oil inspection matter is made the basis it will be necessary to pour oil on the troubled waters before this matter of nominating a governor is settled.

The Post and Record, of Rochester, is advocating the candidacy of William B. Richardson for lieutenant governor. Mr. Richardson is mayor of Rochester and a popular favorite in that section of the state, and as Olmstead county has scarcely received any party recognition the people in that locality seem to think it would be just that their claim to the place be recognized.

While the cool weather is not appreciated by the average citizen still it is good for wheat and other small

grain and the country is not suffering from the chill that has pervaded the northwest during the past few days. It is just a question of inconvenience with those who have packed their flannels in moth balls and placed their overcoats with the pawnbroker for safe keeping until fall.

The Little Falls Transcript says that "one of the innovations of republican politics as she is now played in Morrison county is the spectacle of a democratic appointee to a city office occupying a prominent place on the list of delegates to the republican convention." Possibly this was the man who delivered part of the goods, Sister Fuller, and he took his pay in recognition—mind you, possibly.

At the Morrison county republican county convention on Monday when the chairman of the resolutions committee reported he recommended "that the convention all work to the end at the next county convention delegates would be selected who would favor Hon. C. A. Lindbergh for governor." This would indicate that Mr. Lindbergh's Morrison county friends are grooming him for the governorship.

A bill now pending in congress has two measures which country newspapers as a rule will certainly endorse, the first which requires each magazine and newspaper using the mails to print the name of its responsible owner and manager in its columns, and the second to label all matter for which money has been received as advertisements. The latter provision should be heralded with delight by publishers.

The beautiful city of Detroit is preparing to outdo all former efforts in entertaining the annual convention of the Fraternal Order of Eagles which convenes in that city June 11 to 13, and representatives from all over the state will be in attendance and many other people will be attracted to Minnesota's summer resort as a result. The people of that city have prepared a carnival of fun, and with the program, reduced railroad rates and the attractiveness of the occasion they expect more than 10,000 people will take advantage of the opportunity to see this beauty spot.

The democrats are busy getting their house in order for their state convention which will be held sometime the early part of September, and they are performing the arduous duty with more than ordinary zeal and plan to put a full state ticket in the field with the view of electing them, no fooling this time say the leaders. In addition the county conventions to elect delegates to Duluth are being called. The six leaders of democracy mentioned prominently as delegates to the Baltimore convention are F. B. Lynch, St. Paul; Con O'Brien, Brainerd; A. C. Wise, Duluth; Harry Weiss, LeSueur; Congressman Hammond, St. James, and Mayor J. C. Haynes, of Minneapolis.

This is Teddy day in Brainerd and the Dispatch joins with the people of the entire city in extending a welcome to the visiting delegates and trusts that their stay in our city may be pleasant and that their remembrances may be such as to bring them back to Brainerd many times in the future. It is a credit to any city to entertain so distinguished and able a body of men as have been delegated to represent the Sixth district convention in the selection of delegates to the National republican convention in Chicago. The sentiment of the district has been overwhelmingly in favor of Roosevelt and as such the deliberations of the gentlemen have been harmonious in the extreme.

In addition to informing its readers that at a loss of \$700 during the past eight months because of endeavoring to give the readers a better paper than the town seemed willing to sustain and that the future editions would be in size that which the advertising and patronage demands, the Chisholm Tribune-Herald says that "Some portion of the paper must be slighted and a person cannot write editorials, news stuff and the personals and get away with it when he is busy handling the secretary's end for the Commercial club, on the committee to get the funds to entertain the St. Louis County Commercial clubs, on the committee to get funds for the entertainment of the Minnesota Editorial association, on the committee to get new grounds and attend to the grading of same for the baseball team and then we will have to join the other members of the committee in getting funds to run the baseball machine too."

TESTIMONY IN SUGAR SUIT

Counsel Clash Over the Admission of Evidence.

New York, May 15.—The government began its work of taking testimony in its suit for dissolution of the American Sugar Refining company by introducing statements of the former head of the company, Henry O. Havemeyer, five years dead. The admission of this testimony brought about a clash between the government and counsel for defense, who declared that the testimony was privileged, immaterial, incompetent or irrelevant. United States district Attorney Wise insisted that the testimony was material to the suit, as supporting the government's contention that the company sold its product without profit until it had vanquished opposition and then recouped its losses by selling at exorbitant prices.

The testimony in question—which was given by Mr. Havemeyer before the congressional industrial commission June 14, 1899—was admitted to the records, subject to the objections raised by the defendant's counsel.

"For the Blind." A box bearing the words "For the Blind" was hung outside a carpenter's workshop, and the shop being in a busy thoroughfare, a good deal of money was subscribed by the public. At the end of three weeks, however, the box was taken down. A lady who had contributed liberally went inside the shop to inquire the reason. "Well, Mr. Carpenter, I see you have taken your box away," she said. "Yes," he replied. "I've got enough, thank you." "Got enough?" said the lady in surprise. "Yes," said Mr. Carpenter. "How do you like it?" And he pulled down a new blind in the shop window.—London Mail.

Give Her Something Reliable. "Our new servant girl," complained the mere man, "has had breakfast late every day this week. Can't you do something to get her up on time?" "Well, you might buy her an alarm clock," suggested the woman. "An alarm clock is uncertain. It sometimes fails to go off at 5 in the morning. Why don't you lend her the baby?"—Cleveland Plain Dealer.

Henry Ferris, Hadar, Neb., is an old friend of Foley's Honey and Tar Compound. He writes: "I have used Foley's Honey and Tar Compound for more than twenty years and can honestly recommend it to anyone needing a good cough medicine. I think Foley's Honey and Tar Compound is without an equal." For sale by all druggists. mwf-w

cations regarding the "endless chain

The appointment of an oil inspec-
tor cost Gov. Eberhart the delegation

The Little Falls Transcript says
that "one of the innovations of repub-
lican politics as she is now played in
Morrison county is the spectacle of a
democratic appointee to a city office
occupying a prominent place on the
list of delegates to the republican
convention." Possibly this was the
man who delivered part of the goods,
Sister Fuller, and he took his pay in

At the Morrison county republican
county convention on Monday when
the chairman of the resolutions com-
mittee reported he recommended
"that the convention all work to the
end at the next county convention
delegates would be selected who would
favor Hon. C. A. Lindbergh for gov-
ernor." This would indicate that Mr.
Lindbergh's Morrison county friends
are grooming him for the governor-
ship.

A bill now pending in congress has
two measures which country news-
papers as a rule will certainly en-
dorse, the first which requires each
magazine and newspaper using the
mails to print the name of its respon-
sible owner and manager in its col-
umns, and the second to label all mat-
ter for which money has been received
as advertisements. The latter pro-
vision should be heralded with delight
by publishers.

The beautiful city of Detroit is pre-
paring to outdo all former efforts in
entertaining the annual convention of
the Fraternal Order of Eagles which
convenes in that city June 11 to 13,

a carnival of fun, and with the pro-
gram, reduced railroad rates and the

pect more than 10,000 people will
take advantage of the opportunity to
see this beauty spot.

The democrats are busy getting
their house in order for their state
convention which will be held some-
time the early part of September, and
they are performing the arduous duty
with more than ordinary zeal and
plan to put a full state ticket in the
field with the view of electing them,
no fooling this time say the leaders.
In addition the county conventions to
elect delegates to Duluth are being
called. The six leaders of democracy
mentioned prominently as delegates to
the Baltimore convention are F. B.
Lynch, St. Paul; Con O'Brien, Brain-
erd; A. C. Wise, Duluth; Harry Weiss,
LeSueur; Congressman Hammond, St.
James, and Mayor J. C. Haynes, of
Minneapolis.

This is Toddy day in Brainerd and
the Dispatch joins with the people
of the entire city in extending a wel-
come to the visiting delegates and
trusts that their stay in our city may
be pleasant and that their remem-
brances may be such as to bring them
back to Brainerd many times in the
future. It is a credit to any city to
entertain so distinguished and able a
body of men as have been delegated

TESTIMONY IN SUGAR SUIT

Counsel Clash Over the Admission of
Evidence.

New York, May 15.—The govern-
ment began its work of taking testi-
mony in its suit for dissolution of the
American Sugar Refining company by
introducing statements of the former
head of the company, Henry O. Have-
meyer, five years dead. The admis-
sion of this testimony brought about
a clash between the government and
counsel for defense, who declared that
the testimony was privileged, immat-
erial, incompetent or irrelevant. United
States district Attorney Wise insisted
that the testimony was material to
the suit, as supporting the govern-
ment's contention that the company
sold its product without profit until it
had vanquished opposition and then
recouped its losses by selling at ex-
orbitant prices.

The testimony in question—which
was given by Mr. Havemeyer before
the congressional industrial commis-
sion June 14, 1899—was admitted to
the records, subject to the objections
raised by the defendant's counsel.

had contributed liberally went inside
the shop to inquire the reason. "Well,
Mr. Carpenter, I see you have taken
your box away," she said. "Yes," he
replied. "I've got enough, thank
you." "Got enough?" said the lady
in surprise. "Yes," said Mr. Carpen-

pulled down a new blind in the shop
window.—London Mail.

ALLEGED MURDERER IS CAPTURED

Tony Schnider, Alias John Kropel, Caught by Mike Rail at Crosby

MAN HUNT COVERED RANGE

Sheriff Armstrong of Morrison, Deputy Sheriff Theorin of Crow Wing and Mike Rail in Party

Tony Schnider, alias John Kropel, alleged to have ravished and murdered Mrs. F. J. Page, of Pillager, was caught in Crosby on Cross avenue near Newman's livery stable on Tuesday evening at eight o'clock by Mike Rail, a neighbor of the Page's and who was acquainted with the Austrian.

In the party which effected his capture were Sheriff Armstrong, of Morrison county; Deputy Sheriff Theorin, of Crow Wing county, and Mike Rail, of Rail Prairie township.

Deputy Sheriff Theorin got the first clue as to the Austrian's whereabouts and the party took the afternoon train to Deerwood on Tuesday.

Frank Grant, the Deerwood saloon-keeper, had seen a man in his place on Monday night, about closing time, who corresponded to the description of the alleged murderer.

Marshal M. S. Lamey, of Deerwood, also saw him and could have locked him up but at the time knew nothing about the murder.

Schnider had said he came to Brainerd on the Monday afternoon train and had left Brainerd at 6 P. M., walking to Deerwood and arriving there at 10 o'clock. From Deerwood he walked to Ironton.

The sheriff and his party hired an auto and went to Ironton. They gave J. P. Long, the saloon keeper, a description of the man wanted and instructions to hold him if he came in the saloon. The mine foremen were also notified.

The auto sped on to Crosby and while at the saloon there, they were notified by telephone that the Austrian had showed up at Long's place in Ironton.

No one at Ironton made an attempt to place the Austrian under arrest and when he heard the telephone ring he hastily swallowed his drink and ran away. The sheriff's party saw him head down the Soo tracks towards Crosby. Schnider was arguing with an old man who had attempted to follow him and he threw a rock at his old companion.

The Austrian ran past a section crew who paid no attention to him. Deputy Theorin fired at the fleeing man but it only put more energy in his legs.

Half way between Crosby and Ironton Schnider disappeared in the swamp and log piles which line the tracks for half a mile.

He was no where to be seen when Armstrong, Theorin and Rail reached that point. The old man who had been talking to Schnider showed where he ran under the logs.

By agreement it was decided that Rail was to get a rig at Crosby and go to Manganese; Claus and Armstrong were to take the auto and go to Cuyuna. Five men were deputized to watch the log piles.

Rail went to Crosby, borrowed a gun and hiring a team at Newman's barn, stepped outside while they were hitching up and on Cross avenue, came face to face with the alleged murderer. Rail placed him under arrest and the Crosby marshal snapped the handcuffs on him.

Schnider was walking with a friend named Kavanaugh, at whose home in Crosby he had eaten supper after escaping from the sheriff's posse. He had told Kavanaugh that some men had chased him down the Soo tracks. Schnider was placed on a motor boat and taken to Deerwood and lodged in jail. When Armstrong and Theorin returned they found him there and a crowd of 150 people surrounding the jail.

The prisoner is a tall, raw boned fellow, wearing overalls. His wrists were so large that the handcuffs could barely be slipped over them. His age is about 30. He wears a small mustache and claims to have

"THE SWEET GIRL GRADUATE"

Senior Class Play at the High School Auditorium, Thursday Evening, May 17

The senior class play to be presented at the high school auditorium Thursday evening, May 16, is a humorous dramatization of the anxieties and tribulations every senior undergoes on the eve of commencement, and will surely appeal to all who have experienced the nervous worry attendant upon graduation.

There are variety of matters to annoy the sweet girl graduate while deciding upon the style of her graduation gown which dare not be duplicated in material and style of anything used before, she must practice her oration to suit the fastidious taste of the Bostonian elocution teacher and at the same time be tormented by the teasing remarks of Jack Hamilton to whom everything appears ludicrous. To add to the distraction the florist enters to receive instructions for the reception, the committee on decorations make their appearance, and the old maid aunt who never graduated whisks in with dust cloth and broom to oppose this modern innovation of a commencement. To crown it all the nervous, worn out mother is threatened with an attack.

The cast of characters is as follows:

Miss Maude De Smythe, the sweet girl graduate, Esther Bellmuth.
Mrs. De Smythe, her mother, Ethel Angel.
Mr. De Smythe, her father, John Mahlum, president of the R. I. P. railroad.
Mr. Jack Hamilton, her beau, John Brady, president of class.
Miss Matilda Hoffenhauer, her aunt, Cecilia Miller, who never graduated.
Miss Valeria Regnolds, her dearest friend, Frances Funk.
Madame Sateene, her dressmaker, Mabel Nylund.
Madame Rantum, her elocution teacher, late of the Boston school.
Professor Grindem, principal of high school, Clyde Trent.
Mr. Chinese Bulbus, the florist, William Barker.
Katherine, the maid, May Jones.

CONVENTION OF SIXTH DISTRICT

Republicans of This District in Session at the Court House

IS A ROOSEVELT GATHERING

2 District Delegates to be Elected to National Convention at Chicago

The sixth district republican convention in session at the court house this afternoon may be safely characterized as a Roosevelt gathering. The convention will be attended by 129 delegates and a large majority of these are pledged to Roosevelt.

As a rule the LaFollette men of Hubbard and Todd counties, 21 delegates, are expected to swing to the Roosevelt standard.

The resolutions adopted by the convention will endorse Theodore Roosevelt and are expected to laud the progressive policies of LaFollette, as a compromise to the LaFollette delegates.

Interest centers in the race for two district delegates to the national convention at Chicago. There are in the field Andrew Davis, of Elk River, E. C. Tuttle, of Buffalo, Wright county; T. J. Sharkey, of Staples; Wm. O'Brien, of Eden Valley. At the present time Tuttle and Sharkey appear to have the best show of landing the coveted prize.

Harry west of Benton county, was chosen to preside over the convention. C. A. Allbright, of Brainerd, was elected secretary.

The various counties of the district and their delegates are as follows:

	R	L	T
Wright	14		
Crow Wing	11		
Benton	9		
Morrison	12		
Meeker	13		
Shelburne	8		
Cass	8		
Douglas	12		
Hubbard	9		
Stearns	13		
Todd	12		
Wadena	8		
	92	21	16

Of this list Meeker county was first considered for Taft. They had a caucus this morning and are reported to have switched to Roosevelt.

The Hubbard delegates at last accounts, were reported to have split, some favoring Taft and the balance LaFollette.

Wadena has been credited to Taft but some of the delegates favor LaFollette.

Todd county stands for LaFollette as its first choice and Roosevelt second.

FIRE WARDENS AS GAME WARDENS

Riverside Gun Club of Brainerd, Adopts Resolutions to That Effect

WOULD INCREASE WARDENS

Foresters Would Cover Territory in Game and Fish Country Not Reached by Game Wardens

In resolutions adopted at a recent meeting of the Riverside Gun club of Brainerd the organization went on record as favoring the deputizing of fire wardens and patrolmen as game wardens.

The full text of the resolution reads as follows:

"Whereas, the State of Minnesota now has a Forestry Board and has throughout the northern part of the state of Minnesota wherein game is more particularly located, a large number of forest rangers and patrolmen, who, in the performance of their duties, cover territory and tracts throughout the entire game and fish country which may not be often reached by the game wardens and in which said forest rangers and patrolmen have opportunities to prevent the violation of game laws and punish trespassers if authorized and empowered so to do;

"Therefore, be it resolved by the Riverside Gun club of Brainerd, Minnesota, that in their judgment it would be a benefit to the entire northern part of the State of Minnesota in the game and fish communities if all fire wardens and patrolmen be deputized as game wardens, and instructed to prevent the violation of the game laws and arrest all offenders within the limits of their respective territories.

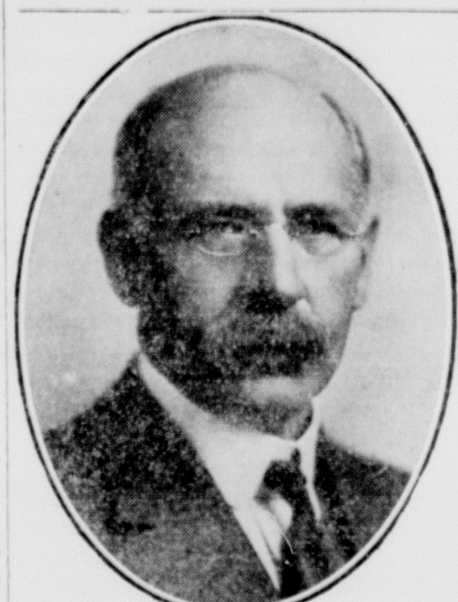

"That a copy of the within resolution be forwarded to the Secretary of the Forestry Commission and the Executive Agent of the Game and Fish Commission.

Wm. T. Topel, 602 3rd St., Brainerd, N. D., tells of the benefits he derived from Foley Kidney Pills. "I suffered with intense pains in my back and sides, and my kidneys were very weak. nounce himself as a candidate against him. This is as it should be for Minnesota has in the past sent many able men to represent her in congress and the Dispatch is confident that Mr. Eastman, as congressman-at-large from this state, will measure up to the usual high standard set in the matter of selecting our national legislators. Mr. Eastman is a whole souled, high minded man against whom his most bitter enemies can find nothing that would have the least weight. He is an open fighter, a deep student and loyal friend in whom the people of Minnesota may repose the utmost confidence.

UNION MADE GOODS

Woman's International Union Label League to Commence Campaign For These Goods

The following statement of a campaign for union made goods was authorized by the W. I. U. L. league, local No. 250:

At the regular meeting of the Woman's Union Label league held on May 13th, steps were taken to start an active campaign for union made goods in Brainerd. A committee consisting of Mrs. Esther Dille, Mrs. Sargent and Mrs. Emma Betts was appointed to interview each local union in regard to this matter.

Many cigar stores and pool rooms in Brainerd refuse to handle union made cigars claiming that "they do not care for the patronage of the union men of Brainerd." Steps will be taken to show each of these merchants why it will be to their advantage to push the union label at all times. The union label stands for good working conditions, and means, especially in the cigar trade, that the goods are made in clean, sanitary surroundings, free from the germs of disease.

FURTHER DETAILS OF THE TRAGEDY

Mrs. F. J. Page Was Murdered Within 60 Rods of Her Home on Sunday Afternoon

NOT FOUND UNTIL MONDAY

Crime Considered to be That of a De-generate Named Anton Schnider, Alias John Kropel

Mr. and Mrs. F. J. Page, says the Little Falls Transcript, were natives of southern Minnesota and residents of St. Paul for many years, coming to Rail Prairie eight years ago and living 25 miles northwest of Little Falls in section 2. The murder of Mrs. Page was the most cold blooded and fiendish in the history of Morrison county. Mrs. Page, 52 years of age, was the victim and she was killed, her throat slashed and body ravished within 60 rods of her home.

It had been the custom of Mrs. Page to attend a little Sunday school each Sunday about two miles from her home, she being superintendent of the school. She went to school as usual Sunday afternoon and started on her return home about three o'clock. She stopped at a neighbor's and secured a small bundle of rhubarb plant while enroute and this was the last seen of her alive.

From appearances she met her assailant on the public road when nearly home. It was evident that some slight conversation was had and that when she divined his intentions she stepped to the side of the road to walk around him.

As she did this she was grabbed and choked into unconsciousness. Her throat was then cut on the right side, the jugular vein being severed and the body ravished. Although some of her underclothing is torn there are no evidences that a struggle took place. The little bundle of rhubarb plant was held tightly under the left arm in death as it had been in life. None of the other clothing indicates a struggle nor does the ground in the vicinity and it is the opinion of Coroner Chance that the woman was rendered unconscious when first taken hold of by her assailant and never regained her senses.

When she did not return home Sunday afternoon her husband thought nothing of it. The farm is stocked with many head of cattle and late the same day Mr. Page began a hunt for the stock. In this hunt it now develops that he passed within five rods of where the body lay. He got home rather late and then did up the chores. Mr. Page states that a neighbor has been ill and he believed his wife had stopped there. During the night he awoke and began to worry over her absence.

He arose early, began his morning chores and when these were finished he still had the opinion that Mrs. Page was at the neighbor's. A little later he took one of the horses and started out to find her. He had gone but a short distance when he discovered the body.

The sheriff, county attorney and coroner were at once notified and went to the scene of the crime, arriving there about 4 p. m. Monday. Soon after the body was discovered the neighborhood was aroused and suspicion at once fell on a Hungarian by the name of Anton Schnider, who had been working among the farmers of that locality the past winter.

Telephone communication was at once secured with Pillager and Brainerd and it was found that the Hungarian had been in Pillager Monday forenoon and had bought a ticket for Brainerd. Sheriff Armstrong and County Attorney Cameron continued to the latter place by automobile expecting to intercept Schnider there.

Anton Schnider, alias John Kropel, is a man about 25 years old, weighs 180 pounds, and according to his own words, to men in Rail Prairie, is now wanted in Chicago for some crime. He has also admitted that he served time in jail in Chicago. This man Schnider or Kropel, came to Rail Prairie in September of last year and went to a farm house to beg something to eat. He was taken in and given work by Willet Tolls, with whom he made his home until Christmas time. He then went to work for William Cook and remained there until about two weeks ago, after which he went to work on the new dam being constructed across the Crow Wing river near Pillager.

Since working on the dam the Hungarian has been seen near the vicinity of the crime. Sunday afternoon he was seen by Mr. and Mrs. Luther Snow within a short distance of the place where the murder was committed. This was about two hours before the murder.

Wm. Jones, a neighbor of Mr. and Mrs. Page stated that Mrs. Jones and Mrs. Page were at Sunday school together and left for home at the same time. They separated at a cross road. Within a few minutes of the separation Mrs. Jones heard a woman scream. She supposed Mrs. Page had fallen or met some accident and started to retrace her steps to investigate. She had gotten but a short way when she heard another scream, much different in sound, and then concluded that the noise was made by a pig squealing. Mrs. Jones turned and went home and dismissed the matter from her mind.

The crime is one of a degenerate, and that the Hungarian from stories told of former actions of his while

ALLEGED MURDERER IS CAPTURED

Tony Schnider, Alias John Kropel, Caught by Mike Rail at Crosby

MAN HUNT COVERED RANGE

Sheriff Armstrong of Morrison, Deputy Sheriff Theorin of Crow Wing and Mike Rail in Party

Tony Schnider, alias John Kropel, alleged to have ravished and murdered Mrs. F. J. Page, of Pillager, was caught in Crosby on Cross avenue near Newman's livery stable on Tuesday evening at eight o'clock by Mike Rail, a neighbor of the Page's and who was acquainted with the Austrian.

In the party which affected his capture were Sheriff Armstrong, of Morrison county; Deputy Sheriff Theorin, of Crow Wing county, and Mike Rail, of Rail Prairie township.

Deputy Sheriff Theorin got the first clue as to the Austrian's whereabouts and the party took the afternoon train to Deerwood on Tuesday.

Frank Grant, the Deerwood saloon-keeper, had seen a man in his place on Monday night, about closing time, who corresponded to the description of the alleged murderer.

Marshal M. S. Lamey, of Deerwood, also saw him and could have locked him up but at the time knew nothing about the murder.

Schnider had said he came to Brainerd on the Monday afternoon train and had left Brainerd at 6 P. M., walking to Deerwood and arriving there at 10 o'clock. From Deerwood he walked to Ironton.

The sheriff and his party hired an auto and went to Ironton. They gave J. P. Long, the saloon keeper, a description of the man wanted and instructions to hold him if he came in the saloon. The mine foremen were also notified.

The auto sped on to Crosby and while at the saloon there, they were notified by telephone that the Austrian had showed up at Long's place in Ironton.

No one at Ironton made an attempt to place the Austrian under arrest and when he heard the telephone ring he hastily swallowed his drink and ran away. The sheriff's party saw him head down the Soo tracks towards Crosby. Schnider was arguing with an old man who had attempted to follow him and he threw a rock at his old companion.

The Austrian ran past a section crew who paid no attention to him. Deputy Theorin fired at the fleeing man but it only put more energy in his legs.

Half way between Crosby and Ironton Schnider disappeared in the swamp and log piles which line the tracks for half a mile.

He was no where to be seen when Armstrong, Theorin and Rail reached that point. The old man who had been talking to Schnider showed where he ran under the logs.

By agreement it was decided that Rail was to get a rig at Crosby and go to Manganese; Claus and Armstrong were to take the auto and go to Cuyuna. Five men were deputized to watch the log piles.

Rail went to Crosby, borrowed a gun and hiring a team at Newman's barn, stepped outside while they were hitching up on Cross avenue, came face to face with the alleged murderer. Rail placed him under arrest and the Crosby marshal snapped the handcuffs on him.

Schnider was walking with a friend named Kavanaugh, at whose home in Crosby he had eaten supper after escaping from the sheriff's posse. He had told Kavanaugh that some men had chased him down the Soo tracks. Schnider was placed on a motor boat and taken to Deerwood and lodged in jail. When Armstrong and Theorin returned they found him there and a crowd of 150 people surrounding the jail.

The prisoner is a tall, raw boned fellow, wearing overalls. His wrists were so large that the handcuffs could barely be slipped over them. His age is about 30. He wears a small mustache and claims to have

"THE SWEET GIRL GRADUATE"

Senior Class Play at the High School Auditorium, Thursday Evening, May 17

The senior class play to be presented at the high school auditorium Thursday evening, May 16, is a humorous dramatization of the anxieties and tribulations every senior undergoes on the eve of commencement, and will surely appeal to all who have experienced the nervous worry attendant upon graduation.

There are variety of matters to annoy the sweet girl graduate while deciding upon the style of her graduation gown which dare not be duplicate in material and style of anything used before, she must practice her oration to suit the fastidious taste of the Bostonian elocution teacher and at the same time be tormented by the teasing remarks of Jack Hamilton to whom everything appears ludicrous. To add to the distraction the florist enters to receive instructions for the reception, the committee on decorations make their appearance, and the old maid aunt who never graduated whisks in with dust cloth and broom to oppose this modern innovation of a commencement. To crown it all the nervous, worn out mother is threatened with an attack.

The cast of characters is as follows:

Miss Maude De Smythe, the sweet girl graduate, Esther Bellmuth.
Mrs. De Smythe, her mother, Ethel Angel.
Mr. De Smythe, her father, John Mahlum, president of the R. I. P. railroad.
Mr. Jack Hamilton, her beau, John Brady, president of class.
Miss Matilda Hoffenhauer, her aunt, Cecilia Miller, who never graduated.
Miss Valeria Regnolds, her dearest friend, Frances Funk.
Madame Sateene, her dressmaker, Mabel Nyland.
Madame Rantum, her elocution teacher, late of the Boston school.
Professor Grindem, principal of high school, Clyde Trent.
Mr. Chinese Bulbus, the florist, William Barker.
Katherine, the maid, May Jones.

The Vest a Minor Garment.

The waistcoat has always been a garment of minor consideration. It appeared and disappeared according to the requirements of the varying costumes in earlier times and first had official recognition under the reign of Charles II. It was in 1666 that Pepys makes mention of the waistcoat in his diary: "This day the king began to put on his vest, and I did see several persons of the house of lords and commons wearing a long cassock close to the body."—London Mail.

CONVENTION OF SIXTH DISTRICT

Republicans of This District in Session at the Court House

IS A ROOSEVELT GATHERING

2 District Delegates to be Elected to National Convention at Chicago

The sixth district republican convention in session at the court house this afternoon may be safely characterized as a Roosevelt gathering. The convention will be attended by 129 delegates and a large majority of these are pledged to Roosevelt.

As a rule the LaFollette men of Hubbard and Todd counties, 21 delegates, are expected to swing to the Roosevelt standard.

The resolutions adopted by the convention will endorse Theodore Roosevelt and are expected to laud the progressive policies of LaFollette, as a compromise to the LaFollette delegates.

Interest centers in the race for two district delegates to the national convention at Chicago. There are in the field Andrew Davis, of Elk River, E. C. Tuttle, of Buffalo, Wright county; T. J. Sharkey, of Staples; Wm. O'Brien, of Eden Valley. At the present time Tuttle and Sharkey appear to have the best show of landing the coveted prize.

Harry West of Benton county, was chosen to preside over the convention. C. A. Allbright, of Brainerd, was elected secretary.

The various counties of the district and their delegates are as follows:

	R	L	T
Wright	14		
Crow Wing	11		
Benton	9		
Morrison	12		
Meeker	13		
Sherburne	8		
Cass		8	
Douglas	12		
Hubbard		9	
Stearns	13		
Todd		12	
Wadena		8	
	92	21	16

Of this list Meeker county was first considered for Taft. They had a caucus this morning and are reported to have switched to Roosevelt.

The Hubbard delegates at last accounts, were reported to have split, some favoring Taft and the balance LaFollette.

Wadena has been credited to Taft but some of the delegates favor LaFollette.

Todd county stands for LaFollette as its first choice and Roosevelt second.

FIRE WARDENS AS GAME WARDENS

Riverside Gun Club of Brainerd, Adopts Resolutions to That Effect

Foresters Would Cover Territory in Game and Fish Country Not Reached by Game Wardens

In resolutions adopted at a recent meeting of the Riverside Gun club of Brainerd the organization went on record as favoring the deputizing of fire wardens and patrolmen as game wardens.

The full text of the resolution reads as follows:

"Whereas, the State of Minnesota now has a Forestry Board and has throughout the northern part of the state of Minnesota wherein game is more particularly located, a large number of forest rangers and patrolmen, who, in the performance of their duties, cover territory and tracts throughout the entire game and fish country which may not be often reached by the game wardens and in which said forest rangers and patrolmen have opportunities to prevent the violation of game laws and punish trespassers if authorized and empowered so to do;

"Therefore, be it resolved by the Riverside Gun club of Brainerd, Minnesota, that in their judgment it would be a benefit to the entire northern part of the State of Minnesota in the game and fish communities if all fire wardens and patrolmen were deputized as game wardens, and instructed to prevent the violation of the game laws and arrest all offenders within the limits of their respective territories.

"That a copy of the within resolution be forwarded to the Secretary of the Forestry Commission and the Executive Agent of the Game and Fish Commission.

This is as it should be for Minnesota has in the past sent many able men to represent her in congress and the Dispatch is confident that Mr. Eastman, as congressman-at-large from this state, will measure up to the usual high standard set in the matter of selecting our national legislators. Mr. Eastman is a whole souled, high minded man against whom his most bitter enemies can find nothing that would have the least weight. He is an open fighter, a deep student and loyal friend in whom the people of Minnesota may repose the utmost confidence.

UNION MADE GOODS

Woman's International Union Label League to Commence Campaign For These Goods

The following statement of a campaign for union made goods was authorized by the W. I. U. L. league, local No. 250:

At the regular meeting of the Woman's Union Label league held on May 13th, steps were taken to start an active campaign for union made goods in Brainerd. A committee consisting of Mrs. Esther Dille, Mrs. Sargent and Mrs. Emma Betts was appointed to interview each local union in regard to this matter.

Many cigar stores and pool rooms in Brainerd refuse to handle union made cigars claiming that "they do not care for the patronage of the union men of Brainerd." Steps will be taken to show each of these merchants why it will be to their advantage to push the union label at all times. The union label stands for good working conditions, and means, especially in the cigar trade, that the goods are made in clean, sanitary surroundings, free from the germs of disease.

FURTHER DETAILS OF THE TRAGEDY

Mrs. F. J. Page Was Murdered Within 60 Rods of Her Home on Sunday Afternoon

NOT FOUND UNTIL MONDAY

Crime Considered to be That of a Degenerate Named Anton Schnider, Alias John Kropel

Mr. and Mrs. F. J. Page, says the Little Falls Transcript, were natives of southern Minnesota and residents of St. Paul for many years, coming to Rail Prairie eight years ago and living 25 miles northwest of Little Falls in section 2. The murder of Mrs. Page was the most cold blooded and fiendish in the history of Morrison county. Mrs. Page, 52 years of age, was the victim and she was killed, her throat slashed and body ravished within 60 rods of her home.

It had been the custom of Mrs. Page to attend a little Sunday school each Sunday about two miles from her home, she being superintendent of the school. She went to school as usual Sunday afternoon and started on her return home about three o'clock. She stopped at a neighbor's and secured a small bundle of rhubarb plant while enroute and this was the last seen of her alive.

From appearances she met her assailant on the public road when nearly home. It was evident that some slight conversation was had and that when she divined his intentions she stepped to the side of the road to walk around him.

As she did this she was grabbed and choked into unconsciousness. Her throat was then cut on the right side, the jugular vein being severed and the body ravished. Although some of her underclothing is torn there are no evidences that a struggle took place. The little bundle of rhubarb plant was held tightly under the left arm in death as it had been in life. None of the other clothing indicates a struggle nor does the ground in the vicinity and it is the opinion of Coroner Chance that the woman was rendered unconscious when first taken hold of by her assailant and never regained her senses.

When she did not return home Sunday afternoon her husband thought nothing of it. The farm is stocked with many head of cattle and late the same day Mr. Page began a hunt for the stock. In this hunt it now develops that he passed within five rods of where the body lay. He got home rather late and then did up the chores. Mr. Page states that a neighbor has been ill and he believed his wife had stopped there. During the night he awoke and began to worry over her absence.

He arose early, began his morning chores and when these were finished he still had the opinion that Mrs. Page was at the neighbor's. A little later he took one of the horses and started out to find her. He had gone but a short distance when he discovered the body.

The sheriff, county attorney and coroner were at once notified and went to the scene of the crime, arriving there about 4 p. m. Monday. Soon after the body was discovered the neighborhood was aroused and suspicion at once fell on a Hungarian by the name of Anton Schnider, who had been working among the farmers of that locality the past winter.

Telephone communication was at once secured with Pillager and Brainerd and it was found that the Hungarian had been in Pillager Monday forenoon and had bought a ticket for Brainerd. Sheriff Armstrong and County Attorney Cameron continued to the latter place by automobile expecting to intercept Schnider there.

Anton Schnider, alias John Kropel, is a man about 25 years old, weighs 180 pounds, and according to his own words, to men in Rail Prairie, is now wanted in Chicago for some crime. He has also admitted that he served time in jail in Chicago. This man Schnider or Kropel, came to Rail Prairie in September of last year and went to a farm house to beg something to eat. He was taken in and given work by Willet Tolls, with whom he made his home until Christmas time. He then went to work for William Cook and remained there until about two weeks ago, after which he went to work on the new dam being constructed across the Crow Wing river near Pillager.

Since working on the dam the Hungarian has been seen near the vicinity of the crime. Sunday afternoon he was seen by Mr. and Mrs. Luther Snow within a short distance of the place where the murder was committed. This was about two hours before the murder.

Wm. Jones, a neighbor of Mr. and Mrs. Page stated that Mrs. Jones and Mrs. Page were at Sunday school together and left for home at the same time. They separated at a cross road. Within a few minutes of the separation Mrs. Jones heard a woman scream. She supposed Mrs. Page had fallen or met some accident and started to retrace her steps to investigate. She had gotten but a short way when she heard another scream, much different in sound, and then concluded that the noise was made by a pig squealing. Mrs. Jones turned and went home and dismissed the matter from her mind.

The crime is one of a degenerate, and that the Hungarian from stories told of of former actions of his while

The Spider Cheat.

The Spider Cheat. Many species of spiders are interesting on account of their physical construction or their habits, but the most curious specimens are probably to be found in the woods of Sumatra, and these naturalists call, not without reason, "spider cheats." This insect, in order to trap the flies, etc., on which it feeds, hides on a leaf and spins a web of neutral color, making an illusion so perfect that the prey not only does not fly, but seems attracted by the peculiar termination of the web on the edge of the leaf. This is a perfect knot in appearance and gives to the trap the general shape of a miniature palm leaf fan with indented handle.—Harper's.

NEW SHORTER CATECHISM.

Presbyterians Revise Manual That Has Stood Unchanged 210 Years.

The Presbyterian shorter catechism, adapted to present day vocabulary, will be reported to the next general assembly.

The catechism has stood unchanged for 210 years. The general assembly's committee on catechism revision has been four years amending it.

"We are making no doctrinal changes, but are trying to keep up with our evolution in language and literature," said Dr. D. S. Schaff of the Western Theological seminary, chairman of the committee. "We have substituted modern phraseology for the archaic wording because we realize the catechism must be in a language the young can understand. The changes recommended will not be made public until they are reported to the general assembly."

The committee includes General Ralph E. Prime of Yonkers, N. Y., the only lay member; the Rev. Dr. Cleland B. McAfee, Brooklyn, and the Rev. Dr. Henry C. Milton, Trenton, N. J.

A GOOD RULE.

It is a good rule and it is a safe rule to sojourn in every place as if you meant to spend your entire life there, never omitting an opportunity of doing a kindness or of speaking a true word or of making a friend. —Ruskin.

FOR A BAD STOMACH

Heartburn, Indigestion, Gas or Dyspepsia go Five Minutes After taking a Little Diapiesin

Why not get some now—this moment, and forever rid yourself of Stomach trouble and indigestion? A distended stomach gets the blues and grumbles. Give it a good eat, then take Paper's Diapiesin to start the digestive juices working. There will be no dyspepsia or belching of gas or eruptions of undigested food; no feeling like a lump of lead in the stomach or heartburn, sick headache and dizziness, and your food will not ferment and poison your breath with nauseous odors.

Paper's Diapiesin costs only 50c for a large case at any drug store here, and will relieve the most obstinate case of indigestion and upset stomach in five minutes.

There is nothing else better to take gas from the stomach and cleanse the stomach and intestines and, besides, one single dose will digest and prepare for assimilation into the blood all your food the same as a sound, healthy stomach would do it.

When Diapiesin works, your stomach rests—gets itself in order, cleans up—and then you feel like eating when you come to the table and what you eat will do you good.

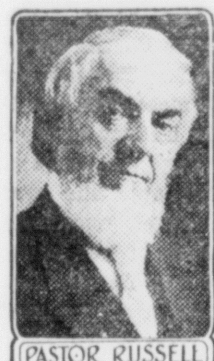

Absolute relief from all Stomach Misery is waiting for you as soon as you decide to take a little Diapiesin. Tell your druggist that you want Paper's Diapiesin, because you want to become thoroughly cured this time.

Remember, if your stomach feels out of order and uncomfortable now, you can surely get relief in five minutes.

SAUL OF TARSUS SAW THE GLORIFIED JESUS

Another of Many Proofs That Jesus Is No Longer a Man.

Brooklyn's Famous Pastor Discourses on Words of St. Paul, "Last of All Jesus Was Seen of Me Also, as One Born Prematurely"—Third of a Series of Sermons on the Resurrection.

(PASTOR RUSSELL)

Richmond, Va. — Pastor Russell gave two addresses here today; he had crowded houses. We report one of his addresses, which was from the text "Last of all He was seen of me also, as of one born before the time" (I Cor. xv. 8). He said:—

St. Paul was discussing the resurrection of the dead. He realized that on that great fact rested the weight of the Gospel Message. It was easy enough to prove that Jesus had died, but to an incredulous world it was difficult to prove that He had risen from the dead and whoever could not believe that great fact could not believe the other great facts which stand or fall with it.

"Last of All He Was Seen by Me." Prosecuting his argument, the Apostle marshaled the whole chain of witnesses except the women who first saw the Lord on the morning of His resurrection. He says, "He was seen of Cephas (Peter); then by the remainder of the twelve; then of above five hundred brethren at once; later, He was seen of James, then of all the Apostles," when He ascended. Then comes the text: "Last of all, He was seen of me, also."

There is something pathetic in this reference to his own glimpse of Jesus. It called up the period of his bigoted persecution of the Church. It reminded him of his responsibility in connection with the death of St. Stephen, and of the madness which he had manifested in pursuing Christians even to Damascus, haling them to prison. Again, he saw the great, blinding light from heaven, above the brightness of the noonday sun, his fall to the earth, and heard the voice speaking to him, saying, "Saul, Saul, why persecutest thou Me?"—Acts ix, 14; xxvi, 12-19.

Why Jews Objected to Jesus. The objection which all Jews had to Jesus, and what they considered absolute proof that He was not the Messiah, was His apparent inability to accomplish the things foretold by the Prophets. They said, it is foolish to think of a man without an army and without wealth claiming to be a king. It is still more foolish for Him to claim that He is the Messiah King, who is to be above all kings, and before whom every knee shall bow and every tongue confess.

To them it seemed that when He was crucified a demonstration had been given that He was not the Messiah. Was not the Messiah to live forever? Must it not, therefore, be true that any man whom the Jews or the Romans could crucify must have been an impostor? They considered the matter proven to a demonstration.

St. Paul's Honesty Strengthening. The honesty of Saul of Tarsus led him to be just as honest after he got his eyes of understanding open as he had been previously with them closed. The situation changed immediately in his mind; instead of a human Savior and Messiah and an earthly King, God had prepared a Heavenly One, partaker of the divine nature, glorious, "far above angels, principalities and powers."

I like to think of St. Paul as exemplifying possibly a large class of the opposers of the Truth. I like to hope that all they will need to bring them into line with God's arrangements and to make them loyal servants of righteousness will be the great light which will shine forth resplendently very soon, when the due time shall come for Messiah to take to Himself His great power and reign—when His elect Bride shall have been completed and glorified with Him. I like to remember the words of the Lord through the Prophet respecting that glorious Epoch: "Then shall the eyes of the blind be opened and the ears of the deaf be unstopped; then shall the lame man leap as an hart, and the tongue of the dumb sing."

One Born Before the Time.

Many have remarked at the peculiarity of St. Paul's statement that he saw the Lord as one prematurely born. But, if at first the statement was dark and puzzling, now it is luminous and enlightening. His thought is this: The time for giving ocular demonstrations of the Lord's resurrection had gone by; the next manifestation of Him, was to be to His saints, and after that to the world. Thus we read: "We shall be like Him, for we shall see Him as He is."

Strictly speaking, then, the experiences of Saul of Tarsus were out of the ordinary. No one else than he, not even the saints, were to see the Lord before their resurrection change, in the end of this Age. When, therefore, he saw Jesus, he saw Him before the time—more than eighteen centuries before the time. Moreover, he saw Him as one born before the time—as one resurrected before the time.

Village of Organ Grinders.

In Italy one of the most astonishing sights offered to the tourist is a village of retired organ grinders, all speaking English with an Italian accent. They have all made their money in England or this country and have returned to spend the remainder of their lives with their families. The majority have kept their organs as mementos, and on fair evenings the stranger is entertained with familiar airs of all countries on the globe.—St. Louis Globe Democrat.

STRIPPING LAKES OF FISH

Immense Quantities of Pike Spawn are Taken From Lakes in Crow Wing County Yearly

The spawn for hatching pike fry for the entire state has practically been obtained from the lakes in Crow Wing county and near vicinity for the past number of years and if it is continued indefinitely it cannot help but deplete the lakes of the most excellent food and game fish that swims in the waters of this state. The game and fish commission have authority under the law to collect the spawn and use it for stocking lakes in other sections and in doing so they are supposed to return to the waters of the lake or streams from which the pike spawn is taken a sufficient quantity either of fry hatched or the spawn to make up for the quantity of fish that would be hatched in those waters provided the natural process was not interfered with. However that may be there has been a noticeable lack of pike fishing with good results compared with former years wherever this practice has been continually kept up and the people in the vicinity of these lakes are protesting against robbing the lakes in one section to provide for stocking lakes in other sections of the state. The matter should be looked into and some remedy suggested provided that the practice is continued. The following from the Fergus Falls Journal will show to what an extent the lakes in this county and immediate vicinity have contributed to the supply of pike eggs for other sections the present season:

"Deputy Game Warden J. H. Jones returned from Crow Wing county Wednesday afternoon where he has been in charge of a camp for the collection of pike eggs for the state game and fish commission. The crew consisted of five men, and Mr. Jones reports excellent success. The camp has been located on Pine River, near the entrance of White Fish Lake, and in three weeks, about 400 quarts of the eggs have been collected. Each quart is estimated to contain from 120,000 to 125,000 eggs, so that the total for the three weeks is 48,000,000 to 50,000,000. These eggs will be placed in the state fish hatchery and the minnows will later be deposited in the various lakes of the state. Mr. Jones reports catching some pike that weighed 16 pounds."

E. M. Markham, 521 W. Mill St., Winona, Minn., says: "Sometime ago I was afflicted with a severe case of kidney trouble, my kidneys were very weak, and the pain in my back was unbearable. I took Foley Kidney Pills and in a short time the pain left my back and my kidneys became stronger." For sale by all druggists.

DANGER IN DELAY

Kidney Diseases are Too Dangerous For Brainerd People to Neglect

The great danger of kidney troubles is that they so often get a firm hold before the sufferer recognizes them. Health will be gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbar, urinary troubles, dropsy, gravel and Bright's disease often follow in merciless succession. Don't neglect your kidneys. Help the kidneys with Doan's Kidney Pills, which are so strongly recommended right here in this locality.

Mrs. Hattie Wandrie, Crosby, Minn., says: "For the past two or three years I suffered a great deal from pains through the small of my back and sides. I was also subject to headaches and my whole system seemed to be disordered. The kidney secretions were unnatural and caused me much annoyance. I finally procured a supply of Doan's Kidney Pills and in a short time after beginning their use, I felt better in every way. Doan's Kidney Pills have my highest endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

The Spider Cheat.

Many species of spiders are interesting on account of their physical construction or their habits, but the most curious specimens are probably to be found in the woods of Sumatra, and these naturalists call, not without reason, "spider cheats." This insect, in order to trap the flies, etc., on which it feeds, hides on a leaf and spins a web of neutral color, making an illusion so perfect that the prey not only does not fly, but seems attracted by the peculiar termination of the web on the edge of the leaf. This is a perfect knot in appearance and gives to the trap the general shape of a miniature palm leaf fan with indented handle.—Harper's.

Sardinia.

The resemblance of Italy to a booted leg ending in a pronounced toe and heel is familiar to everybody. But how many of those who have glanced at Sardinia on the map have observed the likeness of the island to a foot-print? Yet two of its oldest Greek names were Ichnusa (from "ichnos," a footprint) and Sandallotis (from "sandal"). If these names had not yielded to Sardinia (said to be derived from Sardus, a son of Hercules) what should we be calling sardines today? And what of the "sardonic" laugh, which commemorates that island herb which distorted the features into a grin?—London Express.

IMPROVEMENT WITHIN TWENTY-FOUR HOURS

"At five months our baby weighed thirteen pounds, while at eight months she weighed only twelve. We fed condensed milk and different kinds of foods and still the child got worse. One doctor said she could not be helped; two others gave me very little encouragement. At last I procured a bottle of Mellin's Food and fed it to her according to directions. She showed an improvement within twenty-four hours after the first feeding and has not been sick a day since. In the three months I have used Mellin's Food the baby has gained six pounds." ELDELY FOLKS! CALOMEL, SALTS AND CATHARTICS AREN'T FOR YOU

Harmless, Gentle "Syrup of Figs" is best to Cleanse Your Stomach, Liver and 30 Feet of Bowels of Sour Bile, Decaying Food, Gases and Clogged-up Waste

You old people, Syrup of Figs is this decaying waste and poisons into the blood. You will never get feeling right until this is corrected—but do it gently. Don't have a bowel washday; don't use a bowel irritant. For your sake, please use only gentle, effective Syrup of Figs. Then you are not drugging yourself, for Syrup of Figs, senna and aromatics which can not injure.

A teaspoonful tonight will gently, but thoroughly, move on and out of your system by morning all the sour bile, poisonous fermenting food and clogged-up waste matter without gripe, nausea or weakness.

But get the genuine. Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna." Refuse, with contempt, any other Fig Syrup unless it bears the name—prepared by the California Fig Syrup Company. Read the label.

BARROWS

The new mining town on the Cuyuna range, offers splendid opportunities for investment and for the establishment of business in various lines. This town is located in the richest part of the range, adjoining the Barrows mine, which will ship ore this season, and where a large force of men is now employed in putting down the third shaft, two being already completed. A number of other mines adjacent to the townsite will be opened up, making Barrows one of the greatest mining centers on the range. Streets are graded, cement sidewalks in, and buildings are going up rapidly. Lots are now offered at from \$150 to \$400 on the partial payment plan. Buy now while you can buy at the first offered price; get located in a live new town and prosper with the development of the country.

A few years ago lots that were sold in Hibbing, Virginia and Chisholm at the prices we are now asking are worth today several thousand dollars. For further information apply to
